Mathura, UP | harshkumarverma26@gmail.com | +91-7454836617 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven full-stack web developer and MCA student at GLA University with hands-on experience building and deploying production-ready web applications using React.js, Node.js, and JavaScript (ES6+). Proficient in REST API development, MongoDB, MySQL, and cloud deployment — with live projects including a personal developer portfolio and a location-based food delivery app. Actively seeking an entry-level Software Developer or Full-Stack Developer role to contribute to impactful product development within a collaborative engineering team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Responsive & Mobile-First Design

Backend & DB: Node.js, Express.js, REST API Design, MongoDB, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code, Postman, Vercel

Core Skills: Problem Solving, Debugging, Clean Code Practices, Team Collaboration, Communication

PROJECTS

Photography Business Website | React.js, CSS3, Vercel | [View Live](#)

Feb 2025

- Designed and developed a fully responsive, multi-section portfolio site for a photography business — featuring a dynamic image gallery, services overview, and contact form — deployed on Vercel with CI/CD.
- Implemented semantic SEO-friendly HTML, optimised image loading, and smooth CSS animations for fast load times and a polished experience across all devices and screen sizes.

Personal Developer Portfolio | React.js, Tailwind CSS, Vercel | [View Live](#)

Mar 2025

- Built and deployed a personal developer portfolio showcasing projects, skills, and professional background — serving as a live, interactive resume for recruiters and collaborators.
- Crafted a clean, responsive UI with React.js and Tailwind CSS featuring smooth navigation, project cards, and a functional contact section; optimised for performance and mobile-first accessibility.

Foodster — Location-Based Food Delivery App | React.js, Tailwind CSS, Node.js | [View Live](#)

Jan 2026

- Developed a responsive, location-aware web app for discovering nearby tiffin services and restaurants with real-time search, category filtering, and an intuitive split-screen UI.
- Implemented React Router for seamless SPA navigation and Tailwind CSS for a consistent mobile-first design system, delivering a smooth and cohesive user experience across all breakpoints.

CERTIFICATION

Full-Stack Web Development | Udemy

August 2024

- Completed a comprehensive project-based curriculum covering HTML5, CSS3, JavaScript (ES6+), and DOM manipulation fundamentals, culminating in a fully functional modular Expense Tracker application.
- Applied course learnings directly to personal projects, bridging foundational theory with practical full-stack development and live deployment workflows.

EDUCATION

Master of Computer Applications (MCA) | GLA University, Mathura | CPI: 7.78

2024 – Present

Bachelor of Computer Applications (BCA) | Rajiv Academy, Mathura | 72.4%

June 2024

EXTRA-CURRICULAR ACTIVITIES

- Core Coordinator — SRIJAN Annual Cultural Fest, GLA University (Sep 2025): led 20+ volunteers and delivered a seamless experience for 1,000+ attendees, managing end-to-end logistics and cross-team coordination.
- Attended expert guest lecture by Varun Singhla (Gate Smasher) on DSA & competitive programming; actively practises algorithmic problem-solving to strengthen technical interview readiness.
